Article 2 – Alcoholic Beverages

SECTION 5-201: DEFINITIONS

All words and phrases herein used are to have the definitions applied thereto, as defined in the Liquor Control Act of the State of Nebraska. (Neb. Rev. Stat. §53-103)

SECTION 5-202: LICENSE REQUIRED

It shall be unlawful for any person to manufacture for sale, sell, keep for sale, or to barter any alcoholic liquors within the City unless said person shall have in full force and effect a license as provided by the Nebraska Liquor Control Act. (Neb. Rev. Stat. §53-102)

SECTION 5-203: LICENSES; CITY POWERS AND DUTIES

A. The City Council is authorized to regulate by ordinance, not inconsistent with the Nebraska Liquor Control Act, the business of all retail, bottle club, or craft brewery licensees carried on within the corporate limits of the City. (Neb. Rev. Stat. §53-134.03)

B. During the period of 45 days after the date of receiving from the Nebraska Liquor Control Commission an application for a new license to sell alcoholic liquor at retail, a bottle club license, or a craft brewery license, the City Council may make and submit to the commission recommendations relative to the granting or refusal to grant such license to the applicant. (Neb. Rev. Stat. §53-131 (2))

C. The City Council, with respect to licenses within the corporate limits of the City and with respect to Class D-1 licenses outside the corporate limits but within the extraterritorial zoning jurisdiction of the City, has the following powers, functions, and duties with respect to retail, bottle club, and craft brewery licenses:

1. To cancel or revoke for cause retail, bottle club, or craft brewery licenses to sell or dispense alcoholic liquor issued to persons for premises within its jurisdiction, subject to the right of appeal to the Nebraska Liquor Control Commission;

3. To receive a signed complaint from any citizen within its jurisdiction that any provision of the Act, any rule or regulation adopted and promulgated pursuant to the Act, or any ordinance, resolution, rule, or regulation relating to alcoholic liquor has been or is being violated and to act upon such complaints in the manner provided in the Act;

5. To examine or cause to be examined any applicant or any retail licensee, bottle club licensee, or craft brewery licensee upon whom notice of cancellation or revocation has been served as provided in the Act, to examine or cause to be examined the books and records of any applicant or licensee, and to hear testimony and to take proof for its information in the performance of its duties. For purposes of obtaining any of the information desired, the City Council may authorize its agent or attorney to act on its behalf;
6. To cancel or revoke on its own motion any license if, upon the same notice and hearing as provided in Section 5-231 (Citizen Complaints), it determines that the licensee has violated any of the provisions of the Nebraska Liquor Control Act or any valid and subsisting ordinance or regulation duly enacted, adopted, and promulgated relating to alcoholic liquor. 8. The hearing shall be held not more than 45 days after the date of receipt of the notice from the Commission, and after such hearing the City Council shall cause to be recorded in the minute record of the proceedings a resolution recommending either issuance or refusal of such license. The city clerk shall mail to the Commission by first-class mail, postage prepaid, a copy of the resolution which shall state the cost of the published notice, except that failure to comply with this provision shall not void any license issued by the Commission. If the Commission refuses to issue such a license, the cost of publication of notice shall be paid by the Commission from the security for costs (Neb. Rev. Stat. §53-134)

D. When the Nebraska Liquor Control Commission mails or delivers to the city clerk a license issued or renewed by the commission, the clerk shall deliver the license to the licensee upon proof of payment of:

(Ord. No. 804, 11/19/02)

SECTION 5-702: COMPLIANCE WITH ARTICLE

It shall be unlawful for any person to install, use, or maintain an alarm system in violation of any of the requirements of the article. (Ord. No. 804, 11/19/02)

SECTION 5-703: REGISTRATION REQUIRED

Any alarm system installed on protected premises shall be registered with city law enforcement as set forth below.

- A. Existing alarm systems. Any alarm system which has been installed as of the effective date of this article shall be registered by the principal within 60 days of such effective date.

SECTION 5-704: REGISTRATION; APPLICATION FEE; TERMINATION AND RENEWAL

A. City law enforcement, or designee, shall register each alarm system installed on protected premises upon receipt of the following information on forms provided for that purpose:

2. The type of premises (e.g. home, office, variety store, etc.) and the name of any business operating in the protected premises by which the protected premises are known.
3. The address of the protected premises. If in a residential, commercial or industrial complex (e.g., office building, apartment house, shopping center, etc.), the address shall include the name, if any, by which the complex is commonly known.
4. The names, addresses and telephone numbers, including home phone numbers, of at least three natural persons and, if applicable, an alarm business, who have access to the protected premises and who may be notified in the event the alarm is activated.
5. Certification by the principal that the principal's immediate family, tenants or employees (as appropriate under the circumstances) who have access to the protected premises have been given training which includes procedures and practices to avoid false alarms and steps to follow in the event the alarm system is accidentally activated.

B. Along with a registration application, the alarm business or principal shall remit a registration fee payable to the City. If applicable, a late charge shall also be assessed. Such registration fee and late charge shall be set by ordinance by the City Council and shall be on file in the office of the city clerk, where they shall be available for public inspection during office hours.

C. City law enforcement shall register the alarm system by issuing to the principal a registration form bearing the name of the principal, the address of the protected premises, and an identification number, and setting forth the expiration date of the registration. The registration of any alarm system shall not obligate the City or PSDCC to respond or accord any priority to any emergency.

D. The term of any registration shall expire after 12 calendar months from the date of issuance or whenever there is a change of the principal, whichever is earlier.

E. Registration shall be renewed by the principal at least ten days prior to the

expiration of each term by registering with city law enforcement, or designee, in the same manner as provided in subsection (A) above.
(Ord. No. 804, 11/19/02)

SECTION 5-705: CURRENT INFORMATION; REGISTER CHANGES WITHIN TEN DAYS

Within ten days following any change of circumstances, the principal shall supplant or amend all information which was provided to city law enforcement at the time of registration. No additional fee shall be due unless the change has terminated the registration as provided in Section 5-704. (Ord. No. 804, 11/19/02)

SECTION 5-706: MAINTENANCE AND TESTING

A. The principal shall at all times be responsible for the proper maintenance and repair of the alarm system, including the repair or replacement of any component or design feature.

B. Each alarm system shall be maintained so that each audible annunciator will automatically silence within 15 minutes after being activated, and will not be reactivated unless a new emergency occurs.

C. An alarm system incorporating an audible annunciator shall not be tested between the hours of 8:00 P.M. of any day and 7:00 A.M. of the following day.
(Ord. No. 804, 11/19/02)

B. The name and telephone number of the principal, business, or its agent having ready access to the protected premises.

C. The apparent nature or type of an emergency indicated, e.g., burglary in progress, robbery, fire, rescue or other emergency.
(Ord. No. 804, 11/19/02)

SECTION 5-708: FALSE ALARM FEES

A. The principal shall pay a fee to the city for each false alarm within 30 days of invoice. Failure to make full payment within 30 days of the invoice shall result in a late charge. The fee schedule for false alarms and fee for late payments shall be set by ordinance of the City Council, on file at the office of the city clerk and available for public inspection during office hours.

B. For purposes of this section, a year is defined as the start of a principal's annual registration. For purposes of the said fee schedule, a false alarm shall not be included if, as determined by the coordinator, an activation of the alarm system was caused by extraordinary circumstances not reasonably subject to control by the principal or the principal's immediate family, tenants, or employees (as may be appropriate under the circumstances). There shall be a presumption that a false alarm was reasonably subject to control by the principal.

B. In addition to the false alarm fees provided in subsection (A) of this section, the coordinator may revoke the registration of any alarm system having over 15 false alarms within one year or whenever a false alarm fee becomes delinquent. Written notice of the revocation or registration shall be mailed to the principal, who shall cause the alarm system to be removed from the protected premises within 15 days thereafter, unless the principal has appealed such revocation in accordance with subsection (D) of this section.

C. Any principal who has been assessed a false alarm fee may, within ten days of mailing of the invoice assessing such charge, request in writing that the coordinator review the assessment. Such request shall mean that the false alarm fee shall not be due until ten days following a response by the coordinator. The principal may communicate factual information to support the assertion that the false alarm should not be assessed. The burden of proving that an alarm was not a false alarm shall be on the principal. The coordinator shall make a determination in writing within ten days of such request.

D. Any principal may appeal the coordinator's decision to withhold required certification, revoke registration, or uphold a false alarm fee by filing a written notice of appeal with city law enforcement within 15 days after the notice of the coordinator's decision is mailed.

(Ord. No. 804, 11/19/02)

SECTION 5-709: NOTICES

Notice or billing from the city to any alarm system registration holder shall be deemed to have been given or rendered on the date such notice or billing is deposited in the U.S. mail, first class postage, prepaid, addressed to the registration holder at the address shown in the city's registration records. A certificate signed by the person who mailed the notice or billing shall be prima facie evidence of the facts stated thereon with respect to such notice or billing.

B. Notice to the city or payment under this article shall be effective when received at the appropriate city office or designee.

(Ord. No. 804, 11/19/02)

Article 8 – Railroads

SECTION 5-801: SAFE CROSSING

It shall be the duty of every railroad company doing business in, or traveling through,

the City to keep in a suitable, and safe condition the crossings and right-of-way in the City. If any such crossing shall at any time fall into disrepair and become unsafe, or inconvenient for public travel, the City Council may, by resolution, call upon the said company to make whatever repairs that it may deem necessary to correct the dangerous condition. Notice of the said resolution shall be served upon the local agent of the said company. In the event that the railroad shall fail, or neglect to repair, and correct the said condition as aforesaid within 48 hours, neglect for each 24 hours thereafter shall be deemed, and is hereby made a separate and distinct offense against the provisions herein. (Neb. Rev. Stat. §17-143, 17-144)

SECTION 5-802: LIGHTING AND SIGNALS

It shall be the duty of all railroad companies owning, operating, and maintaining a railroad through the City to sufficiently light all crossings and to install as many signal systems as the City Council shall deem necessary at the expense of the said company. (Neb. Rev. Stat. §17-561)

SECTION 5-803: OBSTRUCTING TRAFFIC

It shall be unlawful for any railroad company, its employees, agents, or servants operating a railroad through the City to obstruct traffic on any public street, except in the event of an emergency, for a longer period at one time than five minutes. (Neb. Rev. Stat. §17-552)

SECTION 5-804: OBSTRUCTING VIEW AT CROSSINGS

It shall be unlawful for any railroad company to obstruct or obscure the traveling public's view by storing or parking any railroad car on a railroad track within 50 feet of the crossing of any such railroad track and a public road within the corporate limits of the City; provided, however, in no instance shall any person who is authorized to control the movement of such railroad car or cars within such distance be prevented from reasonably conducting his/her business. (Neb. Rev. Stat. §74-1323) (Ord. No. 314, 10/1/85)

Article 9 – Construction Companies

SECTION 5-901: PERMITS REQUIRED

A. No person, firm, or corporation shall erect, construct, enlarge, alter, repair, improve, convert, or demolish any building or structure in the City or cause the same to be done, without first obtaining a separate building permit for each such building or structure from the Permits and Inspections Office. Except as hereinafter provided, when the operation called for by such permit shall not have been started within six months, or completed within 12 months after the date of issuance thereof, then such permit shall be void and no operation hereunder shall be started or completed until a new permit shall be obtained by the owner or his/her agent unless, however, the owner or his/her agent shall have, prior to the expiration of nine months from date of such building permit, made application to the zoning administrator for an extension of time hereunder. The said administrator is hereby authorized to grant an extension of time for commencement of building operations controlled by building permits upon clear and convincing proof of

a practical hardship, inadvertent delay in financial arrangements, defects in legal titles, inability to obtain competent workmen, material shortages, or other cogent reasons not due to the fault, negligence, or failure to act on the part of the owner or his/her agent.

B. Whenever any building or structure shall be designated as a dangerous building, a nuisance, or a building which is unsafe for occupancy, the operations called for by such permit shall be started within six months after the date of issuance thereof, or such permit shall be void and no operation hereunder shall be started or completed unless additional time has been granted to the owner or his/her agent by the zoning administrator.

C. It shall be unlawful to erect any wood frame building or structure within the Fire Limits except those structures specified in the city building code.

D. The building inspector is empowered to grant a permit for the erection of such other temporary structures as in his/her discretion may be necessary for use in connection with religious services, carnivals, street fairs, or other purposes where the use and occupancy is limited to short periods of time, which in no case shall exceed 60 days. Any building or structure erected under such permit shall be taken down and removed from the premises at the expiration of the period for which the permit was issued. Failure on the part of the recipient of such permit to take down and remove such building or structure shall make him/her liable under the penalties provided in this code and the building inspector shall proceed with the removal of such building or structure.

SECTION 5-902: APPLICATION FOR PERMITS

To obtain a permit, the applicant shall first file an application therefore on a form furnished for that purpose. Every such application shall:

- A. Identify and describe the work to be covered by the permit;
- B. Describe the land on which the proposed work is to be done, by lot, block, tract, and house and street address, or similar description that will readily identify and definitely locate the proposed building or work;
- C. Be accompanied by plans and specifications;
- D. State the valuation of the proposed work;
- E. Be signed by the permittee, or his/her authorized agent, who may be required to submit evidence to indicate such authority; and shall
- F. Give such other information as reasonably may be required by the building inspector.

SECTION 5-903: PLANS AND SPECIFICATIONS

A. With each application for a building permit, and when required by the Permits and Inspections Office for enforcement of any provision of the code, two sets of plans and specifications shall be submitted. The building inspector may require plans and

specifications to be prepared and designated by an engineer or architect licensed by the state to practice as such.

B. When authorized by the building inspector, plans and specifications need not be submitted for the following: (1) one-story frame construction with an area not exceeding 300 square feet or (2) small and unimportant work.

C. Plans and specifications shall be drawn to scale upon substantial paper or cloth and shall be of sufficient clarity to indicate the nature and extent of the work proposed and show in detail that it will conform to the provisions of the code and all relevant laws, ordinances, rules, and regulations. The first sheet of each set of plans shall give the house and street address of the work and the name and address of the owner and person who prepared them. Plans shall include a plot plan showing the location of the proposed building and of every existing building on the property. In lieu of detailed specifications, the building inspector may approve references on the plans to a specific section or part of the code or other ordinances or laws.

D. Computations, stress diagrams, and other data sufficient to show the correctness of the plans, shall be submitted when required by the building inspector.

SECTION 5-904: ISSUANCE OF PERMIT

A. The application plans, and specifications filed by an applicant for a permit shall be checked by the building inspector. Such plans may be reviewed by other departments of the City to check compliance with the laws and ordinances under their jurisdiction. If the building inspector is satisfied that the work described in an application for a permit and the plans filed therewith conform to the requirements of the code and other laws and ordinances, and the fee has been paid, he/she shall issue a permit therefore to the applicant.

B. When the building inspector issues the permit, he/she shall endorse in writing or stamp on both sets of plans and specifications, "APPROVED." Such approved plans and specifications shall not be changed, modified, or altered without authorization from the building inspector, and all work shall be done in accordance with the approved plans.

C. The building inspector may issue a permit for the construction of part of a building or structure before the entire plans and specifications for the whole building or structure have been submitted or approved; provided, adequate information and detailed statements have been filed complying with all pertinent requirements of the code. The holder of such permit shall proceed at his/her own risk without assurance that the permit for the entire building or structure will be granted.

SECTION 5-905: RETENTION OF PLANS

One set of approved plans, specifications, and computations shall be retained by the Permits and Inspections Office for a period of not less than six months from date of completion of the work covered therein, and one set of approved plans and specifications shall be returned to the applicant, which set shall be kept at such building or work at all times during which the work authorized thereby is in progress. Plans, submitted for

checking, for which no permit is issued, and on which no action is taken by the applicant for 90 days, shall be returned to the last known address of the applicant. To renew action on said plans, a payment of a new plan-check shall be required.

SECTION 5-906: VALIDITY

A. The issuance or granting of a permit or approval of plans and specifications shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of the building code. No permit presuming to give authority to violate or cancel the provisions of the code shall be valid, except insofar as the work or use which it authorizes is lawful.

B. The issuance of a permit based upon plans and specifications shall not prevent the building inspector from thereafter requiring the correction of error in said plans and specifications or from preventing building operations being carried on hereunder when in violation of the code or of any other law of the City.

SECTION 5-907: PERMIT EXPIRATION

Every permit issued by the Permits and Inspections Office under the provisions of this code shall expire by limitation and become null and void, if the building or work authorized by such permit is not commenced in six months from the date of such permit, or if the building or work authorized by such permit is suspended or abandoned at any time after the work is commenced for a period of 120 days. Before such work can be recommenced, a new permit shall be first obtained to do so, and the fee therefore shall be one half the amount required for a new permit for such work; provided, no changes have been made or will be made in the original plans and specifications for such work; and provided further, that such suspension or abandonment has not exceeded one year.

SECTION 5-908: PERMIT SUSPENSION OR REVOCATION

The building inspector may, in writing, suspend or revoke a permit issued in error or on the basis of incorrect information supplied, or in violation of any ordinance or regulation or any of the provisions of the building code.

SECTION 5-909: BUILDING PERMIT FEES

A. A fee for each building permit shall be paid to the city treasurer. No permit shall be issued until the fee prescribed in this section shall have been paid; nor shall an amendment to a permit be approved until the additional fee, if any, due to an increase in the estimated cost of the building or structure shall have been paid. The term "estimated cost" as used in this section shall mean the reasonable value of all services, labor, materials, and use of scaffolding and other appliances or devices entered into or necessary to perform the work or to complete the building or structure so as to make ready for occupancy, landscaping, painting, decorating, and other work that is merely for embellishment or not necessary for the safe and lawful use of the building or structure and is not deemed a part of such estimated cost.

B. In case of disputes as to the estimated cost of the proposed building or struc-

ture, the applicant shall file with the Permits and Inspections Office complete specifications and copies of contracts required to complete all the work for the proposed building or structure certified, under oath, by the architect or owner and the contractors.

C. For (1) any building or structure, or (2) the enlargement, alteration, or repair to any building or structure, or (3) the installation, enlargement, alteration, or repair of any apparatus, appurtenance, or machinery, when no structural changes are made and the estimated cost is less than \$100.00, no fee shall be charged therefor.

D. Buildings or structures moved into or within the City's jurisdictional area shall comply with the provisions of the building code.

E. Except for fees specifically exempted, the fees required shall be set by ordinance of the City Council, on file at the office of the city clerk and available for public inspection during office hours.

Article 10 – Sexually Oriented Businesses

(Adopted by Ord. No. 912, 8/7/07)

SECTION 5-1001: PURPOSE AND INTENT

It is the purpose of this article to regulate sexually oriented businesses to promote the health, safety, morals and general welfare of the citizens of the City and to establish reasonable and uniform regulations to prevent the deleterious location and concentration of sexually oriented businesses within the City. The provisions of this article have neither the purpose nor effect of imposing a limitation or restriction on the content of any communicative materials, including sexually oriented materials. Similarly, it is not the intent nor effect of this article to restrict or deny access by adults to sexually oriented materials protected by the First Amendment, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the intent nor effect of this article to condone or legitimize the distribution of obscene material or sexual activities.

SECTION 5-1002: FINDINGS

Based on convincing documented evidence, studies, findings and reports concerning the negative secondary effects of sexually oriented businesses regarding both commercial and residential areas and the nexus between sexually oriented businesses, obscene materials and sexual exhibits and alcohol consumption, and illegal drug distribution and use, the City Council finds:

A. Sexually oriented businesses have negative secondary effects on the existing businesses around them and the surrounding residential areas adjacent to them, causing increased crime, the downgrading of property values, the downgrading of adjacent neighborhoods making adjacent neighborhoods significantly less attractive and less safe for raising children and denigrating both residential life and commercial activity for other types of businesses and sexually oriented businesses downgrade the quality of life and fitness of property for other uses in areas both immediate and adjacent to such

businesses.

B. The negative secondary effects of sexually oriented businesses are increased when they are located in close proximity to each other and when the service or consumption of alcohol is permitted at or near such locations.

C. Improper conduct involving sexual acts occurs at sexually oriented businesses which provide private or semi-private booths or viewing rooms for the viewing of films, videos or live performances.

D. The findings noted above raise substantial governmental concerns for the health, safety and welfare of the citizens of the city and it is appropriate for the purpose of promoting and protecting the health, safety and welfare of the citizens of the City, particularly the children of the community and those conducting general business that reasonable regulations be enacted so as to address the substantial governmental concerns to minimize and control the negative secondary effects of sexually oriented businesses and thereby promote and protect the health, safety and welfare of the citizens of the City, protect the citizens from increased crime, preserve the value of property, and preserve the quality of life and the quality and character of surrounding neighborhoods for residential and commercial purposes.

E. The enactment of reasonable regulations of sexually oriented businesses which involve locational criteria, licensing criteria, operational criteria, and the prohibition of alcohol and illegal substance use are appropriate to address the substantial governmental concerns and protect the health, safety and welfare of the citizens of the City.

F. A reasonable licensing procedure and zoning requirements are appropriate mechanisms to place the burden of reasonable regulations on the owners of sexually oriented businesses and such a licensing procedure will place an incentive on the owners to see that the sexually oriented business is operated in a manner which is consistent with the health, safety and welfare of patrons, employees and citizens of the City.

SECTION 5-1003: DEFINITIONS
