

REQUEST for PUBLIC'S INPUT on TRAFFIC

The City of Gretna is embarking on a comprehensive Study concerning traffic issues within the City. To kick-off this Study, we want YOUR input. The City would like to hear from you on the following issues.

- Concern that traffic is moving too fast or too slow.
- Pedestrian Safety Concerns.
- Highway Traffic Concerns.
- Other Traffic Related Concerns.
- On-street Parking Concerns.
- Traffic Congestion Areas.
- Traffic Signal Concerns.

Please identify the exact location where you feel there is an issue. For example include the name of the street and note the intersecting streets. If there are particular times of the day that the situation is worse, please note those times. If you have a solution to the situation, that like to share, we would appreciate your input.

Please email your comments and suggestions to Councilmember Jason Stahr at jason@cityofgretna.com or to City Administrator Jeff Kooistra at Jeff@cityofgretna.com. We ask that you send us your input by February 28th for this study, but we always appreciate suggestions.

We anticipate taking your input and formalizing a plan to implement improvements to address the identified concerns.

We look forward to your participation!
