

Important Information for Voting at the Polls on Election Day

- ▶ Voters are asked to practice safe social distancing protocols while at the polling sites.
- ▶ Voters are encouraged to wear masks at the polling sites and use hand sanitizer before approaching the check-in table. Hand sanitizer and paper masks will be provided for any voter that needs them.
- ▶ Voters will stand 6ft apart in line and while voting. Spaces will be marked with painters tape for waiting in line.
- ▶ Each voter will receive a new pen to sign-in and vote with, and the voter will take it with them when finished.
- ▶ Poll workers will be provided with masks, face shields and gloves, and are encouraged to wear them.
- ▶ Cleaning supplies will be provided for poll workers to clean voting areas between voters and to clean at the end of the night.
- ▶ Please have patience and practice kindness at the polling sites. Poll workers are volunteers from our neighborhoods that want to make sure you are able to vote in person. Their service is the reason the polling sites can be open. #BeKind

Polls open at 8:00 a.m. and close at 8:00 p.m. Mail ballots cannot be returned at a polling site. Mail ballots must be received by mail or at a drop box by 8:00 p.m. on Election Day, Tuesday, May 12, 2020. Questions? Call (402) 593-2167
